**Warning:** All of the terms outlined in this document are indicative and subject to change. The final terms will not be known until 10 January 2025. Your Financial Broker will confirm the final terms in the Confirmation Certificate issued shortly after the Issue Date on 17 January 2025. If the terms of the Bond have changed significantly on 10 January 2025, your Financial Broker will contact you again requesting a new instruction to proceed with the investment.

**Warning:** Deductions for costs and charges are not made uniformly throughout the life of the product, but are loaded disproportionately onto the early period. If an investor sells the Bond prior to the end of the 5 year term, the practice of front-end loading will impact on the amount of money that the investor receives. The investor may not get back the full amount they invested or the Capital Protected amount if sold prior to maturity.

## Important Considerations

This back test data set includes numerous overlapping 5 year periods between 15 November 1999 and 14 November 2024.

The back testing of this product over all 5,035 5 year periods during the testing period illustrates no negative periods or negative outcomes where investors lost some or all of their capital. Investors should not consider this product back test illustration or previous product performance results as an indication of the potential for, or likelihood of positive outcomes or investment gains in the future. Past Performance and Product Back Test are not reliable guides to future performance which depends solely on future events.

**Warning: Investors should not consider this product back test illustration or previous product results as an indication of the potential for, or likelihood of, positive outcomes or investment gains in the future.**

## Limited Usefulness of Past Performance and Back Testing

Past Performance and Back Testing are useful for information purposes only. The analysis of the past performance of any investment asset(s) or the back testing of any investment product is purely academic and has no bearing on, or provides limited benefit in the assessment of the future performance potential of the investment asset(s) or the investment product in question. The future performance of any investment asset(s) or investment product depends solely on future events and circumstances that cannot be known in advance and that are not necessarily informed by or influenced by what has happened in the past, more recently or otherwise.

**Warning: Past Performance and Simulated Past Performance are not a reliable guide to future performance.**
